Instructions on how to use the Adopt-a-Trail Application app

**Note:** The Adopt-A-Trail application is built to work on all devices, however due to a bug in the software the ability to submit an application for adopting a road, trail, or trailhead has been disabled for smartphone devices. For all other devices Tablet size and above, the application works as designed and these instructions apply to all device sizes, however the layout may have a slightly different look.

# Adopt-A-Road

**Adopt a Road**  
Select to view available roads ready for adoption and to submit an application.

**Schedule a Clean-up**  
Select to schedule a clean-up event for your adopted roadway.

# Adopt-A-Trail Application Layout Overview

The List displays all available roads for adoption. At the top is a Search box where you can search by Street Name.

Menu Navigation: When you select the icon, a menu will display that allows you to navigate to a different page, or open the instructions.

## Adopt-A-Trail

The screenshot shows the Adopt-A-Trail application interface. On the left is a list of trails, each with a hiker icon and a title. The central map shows the Oro Valley area with green lines representing trails and a red pin indicating a selected trail. On the right is an application form with fields for Trail Name, Trail Description, Use Type, Trail Type, First Name, Last Name, and Name of Organization or Display on Sign. A search box is at the top left, and a 'BACK TO MAIN' button is at the bottom center.

**The List displays all available roads for adoption. At the top is a Search box where you can search by Street Name.**

**The Map displays all roads in the Adopt-A-Trail program. When selected in the list, the map will automatically zoom to the road.**

**Adopt-A-Trail Adoption Application: Once you select a road in the map, the Street Name and Road Description will auto-fill in the form.**
