

Cell Facility on the southwest corner of Tangerine Road and La Cañada Drive

Access the project webpage below:

www.OVprojects.com

Project name **Cell Facility on the southwest corner of Tangerine Road and La Cañada Drive.**

Project Summary

The applicant is proposing to construct a cell facility on an existing TEP Utility Pole. The project will increase the pole height from 57' feet to 70' feet. The cell facility will be located on the southwest corner of Tangerine Road and La Cañada Drive.

Proposed Change:

- Add cell facility and accompanying ground equipment
- Increase existing TEP Utility pole from 57' to 68'

Meeting Dates

1. First neighborhood meeting – November 15, 2018
2. Planning and Zoning Commission Meeting – TBD
3. Town Council Meeting – TBD

Project milestones

1. Pre-application submitted – October 2018
2. First neighborhood meeting – November 15, 2018
3. Formal submittal – Anticipated after 1st neighborhood meeting

Meeting format

Standard meeting format

- Introduction – 10 minutes
- Staff Presentation – 20 minutes
- Applicant Presentation – 20 minutes
- Question and Answer – 40 minutes

Development Standards

Standard	Existing	Allowed	Proposed
Pole Height	57'	80'	68'
All cell facilities, including collocations, must use stealth applications (camouflaging techniques) to the greatest extent feasible.			

Design Guidelines and applicable Design Standards:

Wireless communication facilities shall be located in areas and designed in a manner which reduces the visual impact on the proposed project and surrounding area.

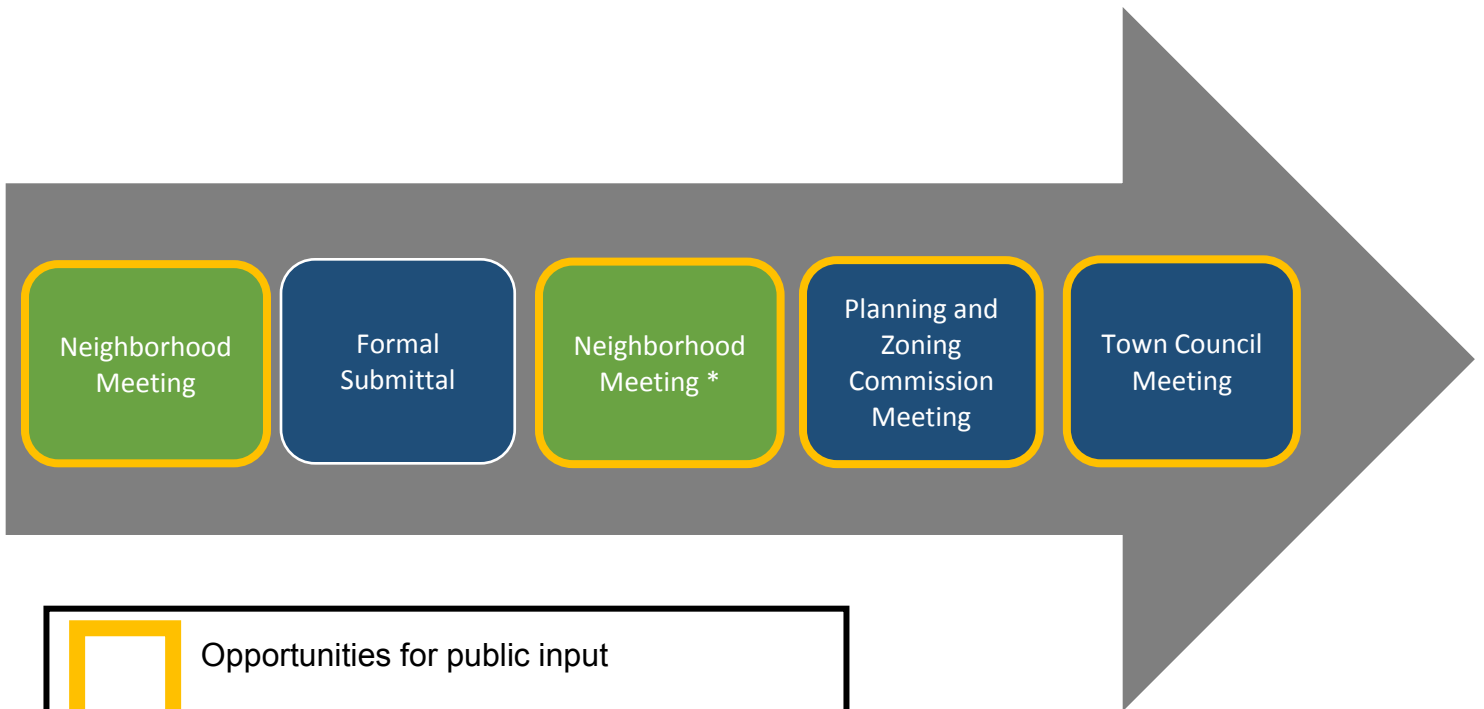

Wireless communication antenna shall utilize the verticality provided by buildings and shall be incorporated into building design when applicable and appropriate. Visual impact of antenna and towers shall be reduced through the use of concealment methods including alternative designs and co-location on vertical elements of the development such as power poles, light poles and flag poles.
