Existing General Plan Designation

The subject property has two following General Plan Land Use Designations (shown in graphic at right and summarized below):

Low Density Residential – 1 (LDR-1)

This land use designation represents areas where single-family homes are appropriate, but only when it will allow retention of a rural, open character.

The density of development in this designation is between 0.4 and 1.2 homes per acre.

Low Density Residential – 2 (LDR-2)

This land use designation represents areas where single-family homes are appropriate, but only when it will allow retention of a rural, open character.

The density of development in this designation is between 1.3 and 2.0 homes per acre.

Existing Zoning Designation

The subject property (shown in black at right) has a zoning designation of R1-144.

This zoning district is intended for large-lot residential development. The minimum lot size in this zoning district is 144,000 square feet.

Proposed Zoning Designation

The applicant's request is to rezone the property from R1-144 to R1-36 and R1-20. A comparison of the development standards of both zoning districts is provided below:

Development Standards			
	R1-144	R1-36	R1-20
Minimum lot size	144,000 square feet	36,000 square feet	20,000 square feet
Maximum Building Height	18 feet	18 feet	18'
